

Are We Different?

We offer all the standard services you will find in a full service accountancy provider, but there are 4 things we do that make us very different.

1. **Grow and Prosper**

Most accountants focus on the past, on what happened last year. But we look forward and aim to make things happen for you - to help your business grow and prosper. That is the most important thing for you. We concentrate on giving you proactive advice, value added services and support.

2. **Business Growth Services**

We sponsor the 'Business Growth System', one of the world's most successful marketing and business growth systems. The system normally sells for €500 a month (€6,000 a year) per business, however we make it available to all our business clients completely **FREE OF CHARGE**. We think it's an excellent system that contains everything a business needs to attract more customers, increase sales and retain clients for much longer. We're passionate about helping your business succeed and want to do everything we can to make that happen.

3. **Peace of Mind**

Through our years of experience and our expertise we aim to give you peace of mind. Our service promises and unconditional peace of mind guarantees are absolutely exceptional and give you the assurance you need to be able to attend to what matters most - running your business profitably.

4. **Fixed Fees**

In advance of undertaking an assignment, it's our policy to discuss and agree in writing our fixed fees, so that you know where you stand. No surprises or hidden fees. We review our fees every year to make sure they reflect the work we do. This means we will reduce fees if it is the right thing to do.

Call Now

Why not call Seamus Parfrey today on **021 431 0266** and see how we can make the difference to you.
